For example:

“Our district uses an equity analysis process every three months to monitor progress, adjust strategies and identify student learning gaps.”

Our district uses multiple data points throughout the year to measure student progress toward standards and to identify student needs. The information gathered from the tools noted above in the Academic and Well-Being Assessments provide our schools and district the data necessary to adjust curriculum resources, instructional strategies, and support services necessary to improve student learning.

**Part VIII: Supports for Strategies/Interventions**

**14.** Of the strategies/interventions your LEA has implemented or is planning to implement, identify **up to three** in which your LEA has the knowledge, skills, and capacity to mentor another LEA.

Professional Learning, Early Learning, and Building Relationships

**15.** Of the strategies/interventions your LEA has implemented or is planning to implement, please identify **up to three** strategies for which your LEA needs more support.
